

# LM1000 Transfer Line Marker

The all new MowMaster LM1000 Line Marker is a unique concept which incorporates a specially designed cassette system that allows you to interchange rollers to suite up to 5 different line widths in the one machine.

50, 75, 100, 120, 150mm available widths

Very well balanced and good down pressure on the front wheel so manoeuvring and leaving a good clear line is easy.

Cassette can change in and out in less than 15 seconds.

Extra large 75mm drain plug for quick and easy cleaning.

Adjustable operator handles with 3 handle styles, including one that lets you walk beside the line being marked.

Tool tray is incorporated in the handle.

Large 350 x 4 pneumatic silicon filled wheels on precision bearings.

16 ltr liquid capacity with good splash guards.
